

Carl R. Ice College of Engineering

The purpose of this form is to petition the Carl R. Ice College of Engineering to waive its internal transfer student policy. The internal transfer student policy requires a K-State student who's major currently resides outside of the College of Engineering to meet the following standards to be considered for admission into the college:

- 1. Student currently possess a 2.5 or higher cumulative K-State GPA*
- 2. Student has passed MATH 220 – Calculus 1 with a grade of C or better either at K-State or another academic institution (MATH 205 for Construction Science and Management)*

Student Name: _____ WID: _____

Semester of anticipated graduation: _____

Reason for request: Please explain why you believe the College of Engineering internal transfer student policy should be waived allowing you entrance into its programs. Attach additional pages if necessary.

Student Signature: _____ Date: _____

Please print and sign if possible; otherwise, we ask that in place of your physical signature you type your name on the signature line and e-mail the completed/saved form from your K-State email which will act as your authorized signature. Please deliver form to 1042 Rathbone Hall or send electronically to engqss@ksu.edu.

For internal use
